Fraud and Impersonation Notice:

PureStream, LLC is a FINRA member broker-dealer that operates an alternative trading system. We serve only registered broker-dealers and their institutional clients. We do not offer services to individual investors.

Individuals have falsely claimed to represent PureStream on Facebook, WhatsApp, and other platforms, and have offered trading signals, investment memberships, and "internal trading team" services in our name. **These people are not affiliated with PureStream**.

PureStream does not:

- Offer trading signals, stock tips, market analysis, investment advice, or investment memberships or clubs.
- Solicit investors or communicate about our business through Facebook, Messenger, WhatsApp, Telegram, text message, or other social media or messaging apps.
- Ask anyone to pay us through PayPal, cryptocurrency, gift cards, payment apps, or transfers to an individual.
- Charge fees based on trading profits or ask for upfront payments to join a trading program.

PureStream personnel communicate only from email addresses ending in @purestream.tech. Any agreement, document, or message that claims to come from PureStream through another channel is fraudulent.

To verify or report: Check PureStream's registration on FINRA BrokerCheck (brokercheck.finra.org, CRD No. 306750). If someone has contacted you claiming to represent PureStream, do not send money or personal information.

Report it to us at legal@purestream.tech, to FINRA, and to the SEC at sec.gov/tcr. If you have lost money, report it to the FBI at ic3.gov.

PureStream is not responsible for any communication, agreement, or payment made with anyone falsely claiming to act on its behalf.
